You said that one of your reference is at Doctor Ella's house

That's right..

Is the terminal that way?
No, it's this way

It's hot..

Did you meet the human who is going to come with Su Yuan?

No..

Are you going to forget her when you see her like the last time?

She has only been doing her master's degree for one year so I haven't met her before

I think she was a middle school student when I was doing my master degree.
.....

Hi, Wolli~

Hi.. Ju

Ah.. good.
The car is nearby. Shall we go after drinking something?

.....

Have you been here too?
Yeah. I have been here. I don't know if anything has changed

I'm going to check if the original geological map is correct. We have to make a new one.

The structure around this area is from the lower parts like Mesters structure, the Wa Gok structure, the Moon Gok structure.
*The name of structure around Yeong Wol land

Wa Gok..?

Ah. the structure name is from the land not in Mars exists with Gok (Valley) or Sam (mountain) but is Valley or

I think I've heard it before
They're the names of the ones around here - so you could know he not alone to him

Did you come here with the doctor, too?

No. I haven't been here before...

It feels very familiar.

.....

Ahem, then I'm going to follow the road then climb the mountain

Are you going to cross this mountain? Shouldn't take the car and go west on the other side?

No, we have to follow the ridge and climb down to the valley. Let's leave the car here. You should come with me too
Huh?

Here's the Pinchan structure. I think it matches the geological map

Is it?
Ah? That's right

It seems right.
.....

Is someone there?

I was here a long time ago. I've had a hello to the mountain

Yes.. Ahahahaha

Let's go
Yes.
